

Product Information Sheet

FIBRESAFE

Carpet and Upholstery Rinse

Product

- ✓ Prevents premature re-soiling and unsightly browning after cleaning
- ✓ Complexes calcium, iron and salts preventing “greying crystals” that can prematurely dull light coloured carpets and fabric
- ✓ Leaves fibre softer and less likely to attract and hold soils
- ✓ Neutralises urea (found in urine) which can turn hard and yellow fibres if left untreated
- ✓ Leaves behind a suitable floral scent

Carpet and upholstery rinse for use on wool and synthetic fibres. Primarily designed to remove sticky detergent residues and prevent browning. It also has a low pH formulation to neutralise alkalinity and reduce drying time. It is also ideal for cleaning up troublesome urine related accidents. If pre-spraying with carpet solutions of unknown pH, it is recommended for use particularly on cottons, cotton prints, linen and Indian cottons.

Technical

| | |
|--------|-------------|
| Colour | Light Green |
| Odour | Floral |
| pH | 2.00 – 2.50 |

| Product Code | Outer Pack | APN |
|-------------------|------------|---------------|
| CHRC-110015A (5L) | 3 | 9324828001676 |
| CHRC-220015 (15L) | 1 | 9324828001683 |

Application

| Task | Method | Dilution |
|---------------------|---|---------------------------------|
| Carpet cleaning | Portable extractors: Add directly into the tank as you add hot or warm water. | 1 to 50 parts hot or warm water |
| | Truck mount extractors: Feed through venturi or purge meter/feeder at number 3 to 5 setting | 1L to 24L of water |
| Upholstery cleaning | Apply with trigger spray | 1 to 50 parts water |
| Urine removal | Pre-spray effected area using a pre-spray pump. Allow to stand and extract with clean water. Deodorise with ODABAN as required. | 1 to 30 parts water |
